### Airplane:

The best way to reach us from the airport is by taxi. The taxis are located directly in front of the terminal entrances. Journey time approx. 30 minutes, fare about € 20.

### Rental car/your own vehicle:

For reaching us by car or by train please refer to the above maps.

### Train (departure central station):

We recommend buying a full day ticket for the larger HVV area at a price of € 4.65 or an individual ticket for the city area for € 1.05. Take the U3 into the direction of Barmbek or Schlump until the station U-Baumwall. There you leave the underground station on the right side and cross the Niederbaum Bridge. Go on straight ahead until the road Am Sandtorkai, which you go down. On the right hand side, directly behind a pedestrian bridge the Drees & Sommer office is located (No. 68). Or, if you prefer, follow the route that you have selected. You will find more information on the bus & train system at [www.hvv.de](http://www.hvv.de).

**Taxi from central station:** Journey time approx. 10 minutes, fare approx. € 8.
