## Media Release

July 16, 2020

Drees & Sommer's focus on its clients and on visionary innovations remains the company's recipe for success. However, for these innovations ultimately to be used in day-to-day work and in all client projects as the company continues to grow, the organization will need to adapt permanently and across all its international locations.

Dierk Mutschler will therefore be responsible for the entire operational business, according to the motto *run the company*. Steffen Szeidl will head sustainable and digital corporate development, with the motto *develop the company*. He will also be the spokesperson of the Executive Board. And, guided by the motto *fit the company*, Izabela Danner will take charge of ensuring that the organization keeps pace with these innovations and that the staff are included and involved in the company's plans for the future.

Izabela Danner is 46 years old and a business graduate with more than 20 years of experience in financial services and the real estate industry. She already has experience of structuring and organizing companies in those sectors. During the course of her career she has worked in various senior management positions, including at Deutsche Börse Group in Frankfurt am Main, Luxembourg and London, and at DTZ Deutschland Holding GmbH in Frankfurt am Main. For the past seven years she was a member of the management board of JLL Germany and the supervisory board of JLL Switzerland.

We look forward to having her join us in planning the future together.
